PROFESSIONAL SUMMARY

Full Stack Web Developer and Technical Trainer with 4+ years of teaching and development experience. Experienced in delivering practical training in Web Development, mentoring over 100 students, and building production-ready web applications using Next.js, React, Node.js, .NET, MySQL, and modern web technologies. Passionate about helping students develop industry-ready technical skills.

EDUCATION

University of Turbat | Turbat, Pakistan

January 2025

Bachelor of Science in Computer Science | GPA: 3.7/4.0

- **Courses:** Programming Fundamentals, Object-Oriented Programming, Database Systems, Computer Networks, Software Engineering, Data Structures, Web Development
- **Honors:** Prime Minister's Laptop Scheme Awardee

TECHNICAL SKILLS

Languages (ordered by proficiency): JavaScript, TypeScript, Python, C++, PHP

Tools and Frameworks: Next.js, React.js, Nest.js, Express.js, .NET Framework, Tailwind CSS, Bootstrap, Shadcn, WordPress

Databases & Backend Services: MySQL, PostgreSQL, Microsoft SQL Server, MongoDB, Supabase, Appwrite

DevOps & Tools: Git, GitHub Actions (CI/CD), Cloud Deployment, REST APIs, Docker (Basic), CD/CD Pipelines

RELEVANT EXPERIENCE

University of Turbat | Turbat, Pakistan

Mar. 2026 - Present

IT/Admin Intern – Website & SIS Management

- Developing and maintaining a scalable university web platform using **.NET Framework** and **MySQL**
- Managing **Student Information System (SIS)**, improving workflow efficiency
- Collaborating with administrative staff to implement digital solutions for academic processes

Balochistan Emerging Leaders Initiative (BELI) | www.beli.org.pk

Nov. 2025 - Present

Website Developer & Maintainer

- Developed and maintained website using **Next.js** and **Supabase**
- Integrated interactive features and optimized website for performance
- Managed project end-to-end, including deployment and updates

Hopela School & Academy | Turbat, Pakistan

Sep. 2020 - Present

Official Website Manager & LMS Developer

- Responsible for website management, Learning Management System (LMS) development, and online content delivery
- Enhanced user experience and ensured smooth functionality across devices

Devsinz Intern Connect | Remote

Sep. 2023 - Oct. 2023

Frontend Developer Intern

- Built responsive UI components to improve user experience
- Collaborated with a team of developers on project tasks and code reviews

Web Development Intern

- Contributed to frontend development and UI enhancements
- Worked on real-world web projects using modern technologies

TEACHING EXPERIENCE

ZIRR Institute of Technology | Turbat, Pakistan**JAN. 2021 -DEC 2024***Senior Computer Instructor & Tech Mentor*

- Taught Modern Web Development (MERN Stack)
- Mentored 100+ students
- Conducted practical coding sessions
- Guided students through real projects

PROJECTS

University of Turbat Official Website | Internship Project**Mar. 2026 – Present**

- Developed and maintained the university's official web platform using **.NET Framework** and **MySQL**, ensuring scalability and reliability for institutional use
- Engineered a robust backend system for **data management, student records, and administrative workflows**, improving overall operational efficiency
- Implemented **secure authentication and authorization mechanisms**, including role-based access control (RBAC) for admins, staff, and students
- Strengthened application security by integrating **Two-Factor Authentication (2FA)** and input validation techniques
- Designed and optimized database schemas in MySQL to handle structured academic and user data efficiently
- Built and maintained CMS-like features enabling dynamic content updates by non-technical staff
- Collaborated with cross-functional teams to deliver enterprise-grade solutions aligned with university requirements

Jobora—AI-Powered Job Platform | Personal Project**Mar. 2026 – Present**

- Engineered an AI-powered job platform using **Next.js, Node.js, Express.js**, and **PostgreSQL** with scalable **RESTful API architecture**
- Implemented secure authentication and **API protection mechanisms**, ensuring safe user data handling and access control
- Built a comprehensive **admin dashboard with analytics, user management, job management, and system monitoring features**
- Developed automated background jobs (cron-based) to sync job listings daily from multiple APIs and remove expired postings
- Integrated AI features including resume **ATS analysis, smart skill extraction, AI-generated cover letters, and job-specific preparation prompts**
- Designed real-time data processing and intelligent job matching using **NLP-based techniques**
- Implemented **CI/CD pipelines** using **GitHub Actions** for automated build and deployment workflows

Zobanganj CMS Platform | Full Stack Developer

- Built a content management system (CMS) using **Express.js, Next.js, and PostgreSQL** for dynamic content handling
- Designed and developed scalable backend APIs and database schemas for efficient data management
- Deployed application on cloud droplet infrastructure with optimized performance and reliability

BELL.org.pk – Balochistan Emerging Leaders Initiative | Web DeveloperNov. 2025 – Present

- Designed and developed the NGO’s official website using **Next.js, Supabase, and Tailwind CSS**
- Integrated interactive features, optimized website performance, and handled full deployment
- Supported digital campaigns to enhance visibility and user engagement

LEADERSHIP EXPERIENCE

Balochistan Emerging Leaders Initiative | RemoteNov. 2025 - Present

IT Manager & Event Coordinator

- Managed **website, online registration, and event logistics** for multiple programs
- Designed event banners, generated **certificates**, and handled participant communications
- Coordinated teams and digital workflows to ensure **smooth event execution and high engagement**

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Python, C++, C#, PHP, SQL

Frontend: HTML5, CSS3, Tailwind CSS, Bootstrap, React.js, Next.js, Shadcn UI, Framer Motion

Backend: Node.js, Express.js, NestJS, .NET Framework, ASP.NET, Flask, REST APIs

Databases: MySQL, PostgreSQL, MongoDB, Microsoft SQL Server, Supabase, Appwrite

CMS & E-Commerce: WordPress, WooCommerce, Content Management Systems (CMS)

Cloud & DevOps: Git, GitHub, GitHub Actions, CI/CD, Docker, Vercel, DigitalOcean, Cloudflare

Authentication & Security: JWT, OAuth, Role-Based Access Control (RBAC), Two-Factor Authentication (2FA)

AI & Data: Artificial Intelligence (AI), Natural Language Processing (NLP), Prompt Engineering, Data Analysis, Machine Learning Fundamentals

Tools & Technologies: Visual Studio Code, Visual Studio, Postman, Prisma ORM, npm, pnpm, Figma, Canva

Other Skills: Responsive Web Design, Progressive Web Apps (PWA), API Integration, SEO, Performance Optimization, UI/UX Design, Agile Development, Technical Documentation
